James Harden wanted to be a basketball player from the time he could bounce the ball. However, this future star faced many challenges. He had to overcome poor health and a lazy attitude. He had to learn to listen to his teammates and become a leader. He even struggled with being the center of attention as a celebrity star. Through it all, James Harden worked hard and learned from his mistakes. He became one of the best basketball players in the world and a true MVP.

Discover how to achieve release-quality mixes even in the smallest studios by applying power-user techniques from the world's most successful producers. Mixing Secrets for the Small Studio is the best-selling primer for small-studio enthusiasts who want chart-ready sonics in a hurry. Drawing on the back-room strategies of more than 160 famous names, this entertaining and down-to-earth guide leads you step-by-step through the entire mixing process. On the way, you'll unravel the mysteries of every type of mix processing, from simple EQ and compression through to advanced spectral dynamics and "fairy dust" effects. User-friendly explanations introduce technical concepts on a strictly need-to-know basis, while chapter summaries and assignments are perfect for school and college use. ■ Learn the subtle editing, arrangement, and monitoring tactics which give industry insiders their competitive edge, and master the psychological tricks which protect you from all the biggest rookie mistakes. ■ Find out where you don't need to spend money, as well as how to make a limited budget really count. ■ Pick up tricks and tips from leading-edge engineers working on today's multi-platinum hits, including Derek "MixedByAli" Ali, Michael Brauer, Dylan "3D" Dresdow, Tom Elmhirst, Serban Ghenea, Jacquire King, the Lord-Alge brothers, Tony Maserati, Manny Marroquin, Noah "50" Shebib, Mark "Spike" Stent, DJ Swivel, Phil Tan, Andy Wallace, Young Guru, and many, many more... Now extensively expanded and updated, including new sections on mix-buss processing, mastering, and the latest advances in plug-in technology.

Most people know Derek Hough from his numerous wins on Dancing with the Stars. But this talented performer also acts, choreographs, sings . . . It seems there is nothing he cannot do. After starting dance classes as a child in Utah, Derek moved to England with ballroom dance champions Corky and Shirley Ballas to study dance, music, and theater. After becoming a world champion himself, he performed the lead role in the musical Footloose in London before joining the cast of the popular American television show. He holds the record for the most wins of any professional dancer on the series.

Introduction to Sociology 2e

5 Tales of Mystery And Love: Five Books Omnibus Summer 2018

The Bloomsbury Handbook of Popular Music and Social Class

As you age, you may find yourself worrying about your memory. Where did I put those car keys? What time was my appointment? What was her name again? With more than 41 million Americans over the age of 65 in the United States, the question becomes how much (or, per is to be expected as one gets older and what should trigger a visit to the doctor. Seven Steps to Managing Your Memory addresses these key concerns and more, such as. . . What are the signs that suggest your memory problems are more than just part of normal aging? · Is it memory? · What are the markers of mild cognitive impairment, dementia, Alzheimer's, and other neurodegenerative diseases? · How should you convey your memory concerns to your doctor? · What can your doctor do to evaluate your memory? · Which healthcare professional(s) medicines, alternative therapies, diets, and exercises are available to improve your memory? · Can crossword puzzles, computer brain-training games, memory aids, and strategies help strengthen your memory? · What other resources are available when dealing with memory loss?

Your Memory is written in an easy-to-read yet comprehensive style, featuring clinical vignettes and character-based stories that provide real-life examples of how to successfully manage age-related memory loss.

The record-breaking records annual is back and packed with more incredible accomplishments, stunts, cutting-edge science and amazing sporting achievements than ever before. With more than 3,000 new and updated records and 1,000 eye-popping photos, it has thousands of new features. There is so much to explore inside. Go on a whirlwind tour of the planet's most amazing places, from the largest swamps to the deepest points on Earth. Find out what happens when you give an octopus a Rubik's Cube, and why all you need to defend yourself from You'll also find all your favorite records and categories such as Big Stuff, Collections, Mass Participation and Fun with Food, plus the year's most significant sporting achievements. Our editors have also taken inspiration this year from the world of superheroes – both fictional and our feature chapter charting your favorite caped crusaders in comic books, TV shows and movies. We also meet the real-life record-breakers with genuine superpowers, such as the Canadian strongman vicar who can pull a jumbo jet and an actual cyborg who uses technology to learn all about the science of superheroes, such as who the fastest and strongest superheroes would be if they came to life, and who would win in a royal rumble between Superman, Batman, Hulk and Dr Strangel! Also new this year is a celebration of the superlative with infographic most exciting absolutes, such as the longest, tallest, fastest and heaviest. Does the longest sofa outstretch the longest train? Is the tallest Easter egg bigger than the tallest snowman? Find out in this amazing new edition. You'll also find these special pages available as free pdf guinnessworldrecords.com! From science to showbiz via stunts and sports, there are real-life heroes all around us in all shapes and sizes, achieving the extraordinary every day. There's only one book where you'll find so many amazing facts all in one place, and that's Guinness We Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. Detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Str

Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

In the late '90s, third-wave ska broke across the American alternative music scene like a tsunami. In sweaty clubs across the nation, kids danced themselves dehydrated to the peppy rhythms and punchy horns of bands like The Mighty Mighty Bosstones and Reel Big Fish. As ska brought even more sharp-dressed, brass-packing bands to national attention. Hell of a Hat dives deep into this unique musical moment. Prior to invading the Billboard charts and MTV, ska thrived from Orange County, California, to NYC, where Moon Ska Records had eager rude gro every release. On the swing tip, retro pioneers like Royal Crown Revue had fans doing the jump, jive, and wail long before The Brian Setzer Orchestra resurrected the Louis Prima joint. Drawing on interviews with heavyweights like the Bosstones, Sublime, Less Than Jake, and Che as underground heroes like Mustard Plug, The Slackers, Hepcat, and The New Morty Show—Kenneth Partridge argues that the relative economic prosperity and general optimism of the late '90s created the perfect environment for fast, danceable music that—with some notable political commentary. An homage to a time when plaids and skankin' were king and doing the jitterbug in your best suit was so money, Hell of a Hat is an inside look at '90s ska, swing, and the loud noises of an era when America was dreaming and didn't even know it.

Poetry is a living, breathing narrative of the thoughts, ponderings, and luggage one carries upon their mind, body, and soul. This volume is a summer to fall of 2018 collection of 28 observational, thought-provoking pieces about a river, stars, a sandwich shop lady, cages and their contents, a yard sale, time and aging, a garden statue, smoke and mirrors, Kant's walks, crowds, window blinds and maps, conversational math, forward propagation, a former self, Atlas-like carry-ons, epiphany, a pick-up truck's perception, the dead's nametags, 2018's landscape, scratch offs, a pool player, what makes us human, the math of humanity, the ophihiophile, life as a sweeper, people on fire, and Chief Netawatwee's new town statue, and paternal strength from a hospital bed. One will also be glad to know that the yard sale today's still in full swing, and redefining the limitations of how long today's can be.

Founded in 1957, Chase's observes its 60th anniversary with the 2018 edition! Users will find everything worth knowing and celebrating for each day of the year: 12,500 holidays, historical milestones, famous birthdays, festivals, sporting events and much more. "One of the most impressive reference volumes in the world."--Publishers Weekly.

This book is pretty much our official story so far. It really does only seem like last week we played our first gig in at the Annandale hotel in Sydney. Since then we've been given the opportunity to turn into the people and musicians we wanted to be.

5 Tales of Mystery And Love: Five Books Omnibus Summer 2018 This omnibus includes the following Books: Alfred Bekker (Leslie Garber): The Tomb of the Pale Lord Alfred Bekker (Leslie Garber): The Eerie Castle Alfred Bekker (Leslie Garber): House of Uncanny Shadows Alfred Bekker (Leslie Garber): Mistress of the Crows Alfred Bekker (Leslie Garber): The Moon Witch Dark rituals between monastery walls and a cruel moon cult - a young woman seeks to bring light into the darkness and gets to feel the powers of the moon-witch and has to fight for her love.

The Bloomsbury Handbook of Popular Music and Social Class is the first extensive analysis of the most important themes and concepts in this field. Encompassing contemporary research in ethnomusicology, sociology, cultural studies, history, and race studies between music and class, and how the meanings of class are asserted and denied, confused and clarified, through music. With chapters on key genres, traditions, and subcultures, as well as fresh and engaging directions for future scholarship, the volume co-articulated social class. It consists entirely of original contributions written by internationally renowned scholars, and provides an essential reference point for scholars interested in the relationship between popular music and social class.

(Volume 37) Parts 1060 -End

To the very raucous 5SOSfam—wanna find out what the band's been up to over the last year? Jam-packed with their own photos, anecdotes of life on and off the road, and much more, the only official 5 Seconds of Summer book out this year means now you're having a mad year: a world tour, writing their new album, signing up their first band on their own record label, breaking the internet—it's been eventful to say the least. The good news is they want to share it all with you! This book is a special thanks for (continued)

The biography of the hottest new Australian band taking the pop world by storm. Luke, Michael, Calum and Ashton have become an overnight sensation, topping the charts in fifty-one countries and selling out their first US solo tour in just five minutes. From their songs on YouTube to supporting One Direction on tour and releasing their first album, the past year has been a roller-coaster journey for the boys. 5 Seconds of Summer: The Unauthorized Biography explores the early lives and backgrounds of the boys as they're touring with One Direction and coping with sudden international fame. This is the story of four talented, fun and down-to-earth boys who refuse to be known as just another boy band, and is a must-have for any 5SOS fan.

A Practical Approach

Boy Bands and the Performance of Pop Masculinity provides a history of the boy band from the Beatles to One Direction, placing the modern male pop group within the wider context of twentieth- and twenty-first-century popular music and culture. Offering the first extended look at pop masculinity as exhibited by boy bands, this volume links the evolving expressions of gender and sexuality in the boy band to wider economic and social changes that have resulted in new ways of representing what it is to be a man. The popularity of boy bands is unquestionable, and their contributions to popular music are significant, yet they have attracted relatively little study. This book fills that gap with chapters exploring the challenges of defining the boy band phenomenon, its origins and history from the 1940s to the present, the role of management and marketing, the performance of gender and sexuality, and the nature of fandom and fan agency. Throughout, the author illuminates the ways in which identity politics influence the production and consumption of pop music and shows how the mainstream pop of boy bands can both reinforce and subvert gender and class hierarchies.

The Bloomsbury Handbook of Popular Music Policy is the first thorough analysis of how policy frames the behavior of audiences, industries, and governments in the production and consumption of popular music. Covering a range of industrial and national contexts, this collection assesses how music policy has become an important arm of government, and a contentious arena of global debate across areas of cultural trade, intellectual property, and mediacultural content. It brings together a diverse range of researchers to reveal how histories of music policy development continue to inform contemporary policy and industry practice. The Handbook maps individual nation case studies with detailed assessment of music industry sectors. Drawing on international experts, the volume offers insight into global debates about popular music within broader social, economic, and geopolitical contexts.

Millions of Americans use e-cigarettes. Despite their popularity, little is known about their health effects. Some suggest that e-cigarettes likely confer lower risk compared to combustible tobacco cigarettes, because they do not expose users to toxicants produced through combustion. Proponents of e-cigarette use also tout the potential benefits of e-cigarettes as devices that could help combustible tobacco cigarette smokers to quit and thereby reduce tobacco-related health risks. Others are concerned about the exposure to potentially toxic substances contained in e-cigarette emissions, especially in individuals who have never used tobacco products such as youth and young adults. Given their relatively recent introduction, there has been little time for a scientific body of evidence to develop on the health effects of e-cigarettes. Public Health Consequences of E-Cigarettes reviews and critically assesses the state of the emerging evidence about e-cigarettes and health. This report makes recommendations for the improvement of this research and highlights gaps that are a priority for future research.

The critically acclaimed, award-winning, modern classic Speak is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's Speak: The Graphic Novel comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

New York Times Bestseller USA Today Bestseller The Globe and Mail Bestseller Publishers Weekly Bestseller Whose truth is the lie? Stay up all night reading the sensational psychological thriller that has readers obsessed, from the #1 New York Times bestselling author of It Ends With Us. Lowen Ashleigh is a struggling writer on the brink of financial ruin when she accepts the job offer of a lifetime. Jeremy Crawford, husband of bestselling author Verity Crawford, has hired Lowen to complete the remaining books in a successful series his injured wife is unable to finish. Lowen arrives at the Crawford home, ready to sort through years of Verity's notes and outlines, hoping to find enough material to get her started. What Lowen doesn't expect to uncover in the chaotic office is an unfinished autobiography Verity never intended for anyone to read. Page after page of bone-chilling admissions, including Verity's recollection of the night her family was forever altered. Lowen decides to keep the manuscript hidden from Jeremy, knowing its contents could devastate the already grieving father. But as Lowen's feelings for Jeremy begin to intensify, she recognizes all the ways she could benefit if he were to read his wife's words. After all, no matter how devoted Jeremy is to his injured wife, a truth this horrifying would make it impossible for him to continue loving her.

BTS is the breakthrough K-pop band. For the first time, this unofficial biography tells the story of the Korean boy band with a global army of fans, who have propelled their heroes to the top of the charts all over the world. Seven good-looking boys – RM, Jin, Suga, J-Hope, Jimin, V and Jungkook – who can dance as well as they can rap and sing, are tearing up the global music charts. Nothing new? Think again. BTS, who rose to fame in their native South Korea in 2013 and who sing almost entirely in Korean, are now a sensation in the US, the UK and the rest of the world. K-pop is a growing phenomenon in the West, and over the last few years, it has steadily gathered a huge global following. With their talent, dedication, good looks, fabulous choreography, and catchy blend of pop, hip hop and RnB, BTS are leading the advance. – BTS's latest album 'Love Yourself: Answer' went straight to #1 in the US charts, following the success of their previous album, 'Love Yourself: Tear', which was the first ever Korean album to achieve this – Over 17 million followers on Twitter – They have been profiled in US Vogue – the first K-pop band to be granted such an honour – The music video for IDOL broke YouTube streaming records, being viewed 46 million times in the first 24 hours; the view count is now in the hundreds of millions – They won the 2018 Billboard Music Award for 'Top Social Artist' for the second year in a row – Listed by Forbes as the most retweeted artist on Twitter in March 2016 – and their fanbase has ballooned since then – Named in Time magazine's 'Top 25 Most Influential People on the Internet 2017' list – Their 2018–2019 world tour sold out within minutes of tickets going on sale Extensively researched, and written in an upbeat and accessible style, this book interweaves the success stories of each of the boys with how the band got together, while documenting their amazing rise to fame in Southeast Asia, and then the world. It includes 16 pages of full colour photographs of the band playing live, posing and having fun. Also available: 9781780556017 BTS: Test Your Super-Fan Status 9781789291339 BTS and Me: Your Unofficial Fill-In Fan Book Music Theory and Composition: A Practical Approach presents a pragmatic, accessible approach to music theory through an emphasis on melody and counterpoint. This focus explains the “why” of musical construction more clearly than the traditional approach of beginning with chords. By starting with a single melodic line and gradually adding voices in counterpoint, the book drills part-writing while simultaneously explaining functionality, first with scale degrees and then with harmony. The text has students learn musical techniques and progressively build on their functions and importance to create their own compositions. With short, digestible chapters, Music Theory and Composition clearly presents otherwise complicated ideas not as strict rules, but as artistic ideals, encouraging the interactive creation of new compositions as a tool for learning. The textbook is versatile and easily customizable, suiting Different skill levels with species counterpoint providing a framework for the beginner while providing an interesting challenge for more experienced students Different curricular schedules with complete exercises in two, three, and four voices, allowing for an optional skip from two voices to four Different pedagogical approaches with species exercises encouraging students to consider harmonic choices and figured bass ensuring functional progressions Instructor Resources: Instructor’s Manual: The Instructor’s Manual includes sample syllabi and student handouts Test Bank: The test bank includes sample tests and answer keys in MS Word format. Student Resources: Companion Website with Downloadable Workbook Sections: http://textbooks.rowman.com/stone Additional Features: complete curriculum for first-year theory courses over 500 musical examples drawn from Common Practice Era compositions as well as more contemporary and popular pieces focus on active composition throughout the text and workbook sections large pop music section to expand student’s application of theory conversational tone to encourage student engagement Designed for first-year college music theory courses, but accessible enough for the interested lay reader or high school student, the text offers a true balance of counterpoint and harmony.?

With number one songs all over the world, a Bond theme, an armful of Grammys and over 70 million Instagram followers to her name, Billie Eilish is a global star. She has collaborated with Justin Bieber and Khalid, headlined Glastonbury and Coachella, and appeared in Calvin Klein ad campaigns. In her short career she has become an icon for Generation Z. Her postponed world tour is already sold out, spanning North and South America

and Europe. Billie grew up in a close-knit family— her brother Finneas still writes and produces her songs – in Highland Park, a suburb of LA. Home-schooled and encouraged to express herself, she was a promising dancer until musical success came literally overnight in 2015. 'Ocean Eyes', a song uploaded to SoundCloud for her dance tutor, received a thousand plays in twenty-four hours. The thirteen-year-old's ethereal singing voice was intoxicating and the track went viral. But she was no one-hit wonder; over the next year, Billie and Finneas produced a series of eclectic tracks resulting in the Don't Smile at Me EP which broke the top twenty in over a dozen countries. She followed up with a record-smashing full length album, When We All Fall Asleep Where Do We Go?, featuring the now-iconic 'Bad Guy'. Her legions of new fans discovered an artist who, undaunted and even emboldened by her youth, had something to say about independence, veganism, mental health, body image, love and the maelstrom of teenage life. This book follows her journey from singing in her bedroom to performing in massive arenas around the globe, winning Grammys and launching her own fashion line. It reveals the story behind the hits and explores what makes Billie Eilish the most extraordinary teenage star in the world.

Hey, Let's Make a Band!

The Ultimate Go-to Guide for Special Days, Weeks and Months

Boy Bands and the Performance of Pop Masculinity

Woodstock: The 1969 Rock and Roll Revolution celebrates the fascinating story of how the music event came to be and the people that made it part of history. How can you explain the Woodstock Festival, 50 years after the event, to those who were not fortunate enough to take part? The concert that changed the history of rock music and an entire generation cannot be reduced to the photos. Half a million young people come to Bethel, New York, from every corner of the world to experience three days of music together.

This event, now legendary, resounds with the psychedelic notes of Santana and the sublime guitar of Pete Townshend of The Who, the rich voices of Joan Baez and Janis Joplin, and the many other artists who appeared one after another on the stage. Yet, it was perhaps the guitar of Jimi Hendrix as he played his version of the American national anthem, "The Star-Spangled Banner," as Woodstock screamed its impetuous, revolutionary protest against the war in Vietnam, that became the symbol of an epochal dissent. In Woodstock, journalist and music critic Ernesto Assante presents those unforgettable days through exclusive interviews and photos he has recorded throughout his entire career. Michael Lang, Carlos Santana, Joe Cocker, Grace Slick, Arlo Guthrie, Joan Baez, Bob Weir, Roger Daltrey, Graham Nash, will all take us to Bethel to re-live and give thanks to the extraordinary figures that made Woodstock a legend that still echoes today.

Hi everyone, This book is pretty much our official story so far. It really does seem only like last week we played our first gig at the Annandale Hotel in Sydney. Since then we've been given the opportunity to turn into the people and musicians we wanted to be. The people who gave us the opportunity were the fans. So this book is like a thank-you. We want everyone to know the story of how four western Sydney teenagers picked up their instruments and dreamed of being one of the biggest bands in the world. There are also some embarrassing photos of us derping around and some facts that some of us didn't even know. So we hope you enjoy it! Love, cal, luke, ash, and mike x

An innovative and insightful exploration of varieties of English in contemporary South Africa.

5 Seconds of Summer – австралийская музыкальная панк-рок-группа, за короткий промежуток времени покорившая не только зеленый континент, но и весь мир. Основанный в 2011 году коллектив дважды принял участие в мировых турне One Direction в качестве группы разогрева, подписал контракт с американским лейблом Capitol Records, выпустил два студийных альбома и даже выступил с концертом в Москве летом 2017 года. Перед вами – автобиография одного из самых успешных музыкальных проектов последних лет.

Bible Lessons for Youth Summer 2018 Leader

Guinness World Records 2018

From e-girl to Icon: The Unofficial Biography

One definition of justice is “the quality of being just, impartial, or fair.” The Summer quarter focuses on justice as presented in the New Testament: a primary characteristic of God’s nature. As followers of Jesus we are called to imitate God’s just and merciful nature through our actions toward others, including our enemies. The Summer quarter of study seeks to answer the following questions: How can we avoid being judgmental? What motivates true and just generosity? And, what makes for living justly in the world? Summer Theme: Justice (Matthew, Luke, Romans, 2 Corinthians, and Colossians) Bible Lessons for Youth is a comprehensive 6-year Bible-to-life curriculum that helps teens apply the Bible to their real-life. Its teacher-friendly format is built around a step-by-step sequence with thought-provoking activities designed to help youth understand Scripture and apply it to their individual experiences. Begin The Bible Lessons for Youth format of “Explore,” “Focus,” and “Connect” is an intentional learning approach to help teens FOCUS on the original context, EXPLORE how the passage speaks to their lives, and CONNECT with how to live out God’s Word in their daily lives and in the world. Key Verse Taken from the passage printed in the student book, this verse can be used to emphasize Scripture memorization in your class. Take-Away This is the basic point of the lesson and is summed up in a short sentence. It’s the big idea you want your teens to grasp from each week’s session. Bible Lesson For easy access, the Scripture passage your class or group will explore is taken from the Common English Bible, and are coordinated with the Uniform Lesson Series. Contains options for younger and older youth.

1000 listan kirja pohjautuu vuodesta 1960 asti koottuun arkistoon Suomen hittilistoista. Nyt tuo 60-vuotinen historia on jaettu tuhanneksi Top 12 -listaksi ja voidaan käydä läpi myös tietoisana, johon monenikäiset voivat yhdessä osallistua. Listojen aiheina ovat suosituimmat artistit, hittien säveltäjät ja sanoittajat, musiikkibisneksen ilmiöt sekä sanat ja teemat hittien nimissä. Jokaisen listan voi myös kuvitella kokoelmalevyksi tai soittolistaksi, ja visailua voi täydentää suoratoistopalveluiden avulla.

The Weeknd began his career under an air of mystery. This talented, young musician revealed neither his name nor his face with his first mixtape. Not even most record executives knew who the Weeknd was at this time. But that didn’t stop them for trying to find out. When a label finally signed him, the Weeknd began performing live shows. He slowly began sharing his identity and experiences with the world through his music. And the world responded. He has worked with such superstars as Taylor Swift and Ariana Grande, but the Weeknd has clearly become a star in his own right. Today he is one of the most popular artists in the pop music industry.

Summary Deep Learning with Python introduces the field of deep learning using the Python language and the powerful Keras library. Written by Keras creator and Google AI researcher François Chollet, this book builds your understanding through intuitive explanations and practical examples. Purchase of the print book includes a free eBook in PDF, Kindle, and ePub formats from Manning Publications. About the Technology Machine learning has made remarkable progress in recent years. We went from near-unusable speech and image recognition, to near-human accuracy. We went from machines that couldn’t beat a serious Go player, to defeating a world champion. Behind this progress is deep learning—a combination of engineering advances, best practices, and theory that enables a wealth of previously impossible smart applications. About the Book Deep Learning with Python introduces the field of deep learning using the Python language and the powerful Keras library. Written by Keras creator and Google AI researcher François Chollet, this book builds your understanding through intuitive explanations and practical examples. You’ll explore challenging concepts and practice with applications in computer vision, natural-language processing, and generative models. By the time you finish, you’ll have the knowledge and hands-on skills to apply deep learning in your own projects. What’s Inside Deep learning from first principles Setting up your own deep-learning environment Image-classification models Deep learning for text and sequences Neural style transfer, text generation, and image generation About the Reader Readers need intermediate Python skills. No previous experience with Keras, TensorFlow, or machine learning is required. About the Author François Chollet works on deep learning at Google in Mountain View, CA. He is the creator of the Keras deep-learning library, as well as a contributor to the TensorFlow machine-learning framework. He also does deep-learning research, with a focus on computer vision and the application of machine learning to formal reasoning. His papers have been published at major conferences in the field, including the Conference on Computer Vision and Pattern Recognition (CVPR), the Conference and Workshop on Neural Information Processing Systems (NIPS), the International Conference on Learning Representations (ICLR), and others. Table of Contents PART 1 - FUNDAMENTALS OF DEEP LEARNING What is deep learning? The Summer I Turned Pretty

Delia Bay

I wasn't looking for anything. I was content with the waves beneath my skin, the salt in my hair. Until Him. Until those tattooed fingers painted my life black. Until the strings on his guitar tied me to him forever. My name is Luna Perry. Could I ever shine bright enough in his eternal darkness to bring him back to me? I was numb. I wasn't living, not really. The world had been wiped from under my feet and the sun had forever set on any future I thought I might have. Who knew that one day the darkness would outshine any light the sun could have given me? My name is Reid Archer. And this is my story.

Una città della Puglia. Foggia. Non quella che si potrebbe immaginare... La Foggia segreta, nascosta, un luogo orribile e mostruoso... Intrappolati in un'acquatica dimensione onirica quasi surreale, uno spazio... occulta misteri macchiati di sangue avvolti da toni di rosa, glassati dalla zuccherosa ricerca della bellezza e della perfezione. Si ha la sensazione di un tempo sviluppato in flashback. Un tornare indietro, trovando cosa? Errori di codifica, bug impastati di dolce, vellutata sensualità, alla ganache di cioccolato su indigesti ricordi. Una di quelle storie che non esistono. ... Ma che si avvertono, assaporandole lentamente. Gianluca Celentano è nato a Foggia nel 1998. Ama la letteratura, l'arte, le piante e la cultura giapponese. Sin da bambino scrive storie e sceneggiature. Attualmente studia lingue e letterature straniere all'Università di Chieti.

How did you decide what to wear today? Did you base your selection on comfort or style? Did you want to blend in or stand out – or was it just the cleanest outfit available? We each make these decisions every day, reflecting how we view ourselves and impacting how others see us. Our choices matter – not just to us personally, but also to the magazine editors, brand ambassadors and trend forecasters who make a living by selling to us. Communicating Fashion introduces key concepts from the intersecting worlds of fashion and communication studies to connect how we all use clothing to express ourselves and how media systems support that process. In doing so, Myles Ethan Lascity explores social, cultural and ethical issues through the work of fashion journalism, brand promotions and the growing role of online influencers as well as the impact of film, television and art on self-image and expression. Key topics: – Advertising, Branding and Fashion Retail – Clothing, Art and Cultural Significance – Clothing as Group and Cultural Norms – Clothing, Identity and Interpersonal Communication – Fashion News and Tastemaking – Fashion, Social Media and Influencers – Meaning within the Fashion System – On-screen Clothing
